ADAPT 200 Series

Access peak performance anywhere

If work means calls via multiple devices, choose a wireless headset that fits with your dynamic working style in the hybrid workplace. Lightweight, portable and wireless, this flexible audio companion keeps you at peak performance.

The boom arm gets you closer to the conversation and folds easily into the headband for a clean, modern look. Focus while listening to music at work with stereo sound and jump straight into virtual meetings via a Microsoft Teams certified or UC optimized solution.

Key benefits & features

Enjoy flexible connectivity and great audio
Connect wirelessly via Bluetooth® to two of your favourite devices simultaneously and enjoy renowned stereo sound

Maximize your comfort and productivity
With thick, soft, on-ear leatherette ear pads, enabling all-day comfort and passive noise damping

Microsoft Teams certified and UC optimized
Certified for Microsoft Teams and optimized for UC for a seamless user experience that boosts your productivity

Stay stylish with sleek design
Look good at work or on-the-go with contemporary design and a boom arm that folds discreetly into the headband

Extremely portable to keep you moving
With a smart fold-flat ear cup design and carry pouch, simply pack up and move on to your next working task
## ADAPT 200 Series
